Patents 1 - 20 on "access control"

Sort by relevance | Sort by date (new first) | Sort by date (old first)

### Method and apparatus for collaborative document control

US Pat. 5787175 - Filed Oct 23, 1995 - Novell, inc.

There are simply not enough the right to modify the access control list for a ... documents until the problem relies on the extreme computational effort ...

### Secure cryptographic methods for electronic transfer of information

US Pat. 5696527 - Filed Jan 30, 1997

An access control tamper-resistant computing devices; mechanism does not protect sufficiently ... and the remaining dependent computational task other hand, ...

### Secure cryptographic methods for electronic transfer of information

US Pat. 5665578 - Filed Aug 31, 1995

An access control tamper-resistant computing devices; mechanism does not protect sufficiently ... and the remaining dependent computational task other hand, ...

### System for providing secure internetwork by connecting type enforcing secure ...

US Pat. 5864683 - Filed Oct 12, 1994 - Secure Computing Corporation

Type Enforcement operates in conjunction with page access control bits in the ... In this model, a computational task is divided up into small virtual units ...

### Secure server utilizing separate protocol stacks

US Pat. 5913024 - Filed Feb 9, 1996 - Secure Computing Corporation

Type enforcement operates in conjunction with page access control bits in the ... In this model, a computational task is divided up into small virtual units ...

### System and method for achieving network separation

US Pat. 5918018 - Filed Feb 9, 1996 - Secure Computing Corporation

In this model, a computational task is divided up into small virtual units that run in parallel to each other. Unix provides a crude and loosely-controlled ...

### System and method for securing compiled program code

US Pat. 5867647 - Filed Feb 9, 1996 - Secure Computing Corporation

Type enforcement operates in conjunction with page access control bits in the ... In this model, a computational task is divided up into small virtual units ...

### Security system for computer systems

US Pat. 5859966 - Filed Oct 10, 1995 - Data General Corporation

... much analysis and computational effort is 15 when accessing objects with ...  
Mandatory Access Control The above discussion of capabilities related to ...

### Neural network for locating and recognizing a deformable object

US Pat. 5850470 - Filed Aug 30, 1995 - Siemens Corporate Research, Inc., The Trustees of Princeton University  
In order for the neural network to perform a specific task, the computational elements must be connected to each other in certain network arrangement, ...

#### System and method for achieving network separation

US Pat. 6219707 - Filed Jan 19, 1999 - Secure Computing Corporation  
Type enforcement 30 operates in conjunction with page access control bits in ...  
In this model, a computational task is divided up into small virtual units ...

#### System and method for providing secure internetwork services via an assured ...

US Pat. 6772332 - Filed Dec 23, 1998 - Secure Computing Corporation  
Type Enforcement operates in conjunction with page access control bits in the ...  
... In this model, a computational task is divided up into small virtual units ...

#### Method and system for authenticating files

US Pat. 5454000 - Filed Jul 13, 1992 - International Business Machines Corporation  
... has led to distributed computing environments in which the computational task is ...  
... by virtue of physical location or access control not to be secure. ...

#### Secure server utilizing separate protocol stacks

US Pat. 6332195 - Filed Feb 22, 1999 - Secure Computing Corporation  
Type enforcement operates in conjunction with page access control bits in the ...  
... In this model, a computational task is divided up into small virtual units ...

#### Using a high level programming language with a microcontroller

US Pat. 6308317 - Filed Oct 24, 1997 - Schlumberger Technologies, Inc.  
An entry on an ACL (for a particular computational object) is in a data 40 ...  
Data files are protected by authenticated-identity access control lists. ...

#### Medium access control protocol for wireless network

US Pat. 5371734 - Filed Jan 29, 1993 - Digital Ocean, Inc.  
Networking of personal computers and APPLICATION work stations allows for easy ...  
... to a ber of ^^ uters or work stations may be medium access control (MAC) ...

#### Data storage system with asynchronous host operating system communication link

US Pat. 5257367 - Filed Jul 17, 1990 - Cab-Tek, Inc.  
The disk drive access control apparatus of claim: 15 and additionally comprising:  
computational logic means for using said communications link means to ...

#### Encrypted key cache

US Pat. 6981138 - Filed Mar 26, 2001 - Microsoft Corporation  
... that remains is that a significant amount of computational effort is involved  
... 4 illustrates an exemplary access control list corresponding to a file ...

#### Multi-tasking register set mapping system which changes a register set ...

US Pat. 4853849 - Filed Dec 17, 1986 - Intel Corporation  
This block bit CS data space indicates to the hardware which register set the task is  
The computational subsystem (CS) data space can be blocked on. ...

#### Method and apparatus for remotely administered authentication and access control

US Pat. 6615264 - Filed Apr 9, 1999 - Sun Microsystems, Inc.  
The mainframe was a central station that provided computational power and data

storage. ... However, kerberos does not provide for access control features. ...

### Vision coprocessing

US Pat. 5657403 - Filed Jun 1, 1992 - Cognex Corporation

An apparatus according to claim 10 wherein the computational elements of the first  
... for storing digital image data and for responding to access control ...

### Computation word builder

US Pat. 4014113 - Filed Jan 12, 1976

35 accumulated during play, participants form words During play, ... Any number of playing might be accomplished in a crossword puzzle fashion, ...

### SUCCESSIVE ADDITION UTILIZING A BISTABLE

US Pat. 3707621 - Filed Mar 10, 1971

... and added and accumulated in adder 104, once for each reference may be had ... gram of the circuit of the invention. various computational operations. ...

### Method for masking secret multiplicands

US Pat. 7000111 - Filed Nov 7, 2000 - Ericsson Inc.

A detection-proof computational device comprising: an input/output interface; ... and reducing said accumulated value modulo a given modulus. 16. ...

### [APPLICATION] Efficient authenticated dictionaries with skip lists and commutative hashing

US Pat. App 10416015 - Filed May 7, 2003

The user then verifies the proof by relying solely on its trust in the ... [0008] low computational cost: the computations performed internally by each ...

### Method for regulating TCP flow over heterogeneous networks

US Pat. 6252651 - Filed Mar 27, 1998 - Massachusetts Institute of Technology

... the basic scheme achieves a guaranteed rate of at least 10 Proof: 15 ... The three embodiments are described in order of decreasing computational ...

### Method and apparatus for acquiring access using a fast smart card transaction

US Pat. 6018717 - Filed Aug 21, 1998 - Visa International Service Association

or after a certain number of transactions have accumulated in buffer 50 (eg, ... and several others derived from zero- knowledge proof techniques. ...

### Method and apparatus for acquiring access using a smart card

US Pat. 6003014 - Filed Aug 22, 1997 - Visa International Service Association

Where authorization is given, a confirmation signal or message may be sent to consumer card (in step 118) and the card can store a receipt or other proof of ...

### Computer system for monitoring a

user's utilization pattern to determine ...

US Pat. 5560011 - Filed Apr 7, 1994 - New Media Development Association

In particular, the reference should be made to the view of the user who has the content of the work, task execution pattern or taste similar to those 15 of ...

### Board game for teaching project management skills

US Pat. 6237915 - Filed Jun 30, 1999 - Practice Fields L.L.C.

In one example, the number of errors is accumulated, in addition to those ...

example is one-third (Vs) work-week output per week of time spent on the task. ...

### Computer system for interactive help using human-understandable knowledge ...

US Pat. 6095061 - Filed Mar 13, 1997 - Kabushiki Kaisha Toshiba

In this case, the model of the task is generated by an expert of the task, ...

can be understood by humans so as to be accumulated to permit a plurality of ...

### Client-server task distribution system and method

US Pat. 6711616 - Filed May 1, 2000 - Xilinx, Inc.

Computing work to be performed is organized by server 20 into tasks and subtasks, for example. Each task is independent of other tasks and is comprised of ...

### Intelligent radiation monitor

US Pat. 4642463 - Filed Jan 11, 1985

This prompts the user to enter the current work (or task) rate. The display initializes to the current sensed rate. If the user is located at the site he ...

### Time and work tracker

US Pat. 5696702 - Filed Oct 15, 1996

j~' and automatically have the activities documented and costs At time m, restart task 2. accumulated in the chosen business function, such as At time n, ...

### System and method for making staff schedules as a function of available ...

US Pat. 5111391 - Filed Oct 5, 1989 - Mrs. Fields, Inc.

Re- existing shift to which to append the current task, sources are tracked every 15 minutes on the schedule Due to the limited computational power ...

### Method for establishing the working mantime in the production line

US Pat. 5615138 - Filed Sep 11, 1995 - Honda Giken Kogyo Kabushiki Kaisha

STEP SP41 applies all work contents of each single task by means of input means 1. ... stored in memory unit 2 are selected and accumulated. ...

### Apparatus for tracking and recording vital signs and task related ...

US Pat. 5754965 - Filed Sep 25, 1996

In step total or accumulated weight of all the loads that have been 313, ...  
invention moves to all of the work-related sensors 67, the pointer 113 in FIG. ...

#### Data logging apparatus

US Pat. 6381501 - Filed Feb 1, 1996 - Mitsubishi Denki Kabushiki Kaisha

Also the displaying/printing means executes up to a process of accumulating the data in the accumulated data memory for FAC in a given task with the ...

#### Network time and work tracker

US Pat. 5963914 - Filed Dec 9, 1997

In the work analyzer one of these "timers" is created for each task in the user's ... documented and costs accumulated in the chosen business function, ...

#### Computerized clothing designer

US Pat. 5495568 - Filed Dec 27, 1993

Other means well known to those skilled in computational dynamics could be applied ... Accumulated irritation can be indicated by summing accumulated work ...

#### Time management and task completion and prediction software

US Pat. 6519763 - Filed Mar 29, 1999 - Compuware Corporation

Data is accumulated by the data collectors and then transferred to a ...  
of completion for each task defined as a concrete deliverable unit of work. ...

#### Method and apparatus for monitoring software execution in a parallel ...

US Pat. 5047919 - Filed Jul 14, 1989 - Harris Corporation

By comparison, the work time or work mode accumulates the number of clock ticks only when a processor is operating within an identified task of an ...

#### Exercise and diagnostic system and method

US Pat. 4601468 - Filed Jan 6, 1984 - Loredan Biochemical, Inc.

It is a simple matter, for example, for the digital computer system to calculate on a continuous basis the accumulated work performed during the exercise ...

#### Means and methods of tabulating time and task performances

US Pat. 5068787 - Filed Mar 13, 1990 - Analyst Development Group, Inc.

A system for recording in real-time units-of-work. said units-of-work representing ... that real-time units are being accumulated for overhead activities; ...

#### System and method for scheduling message transmission and processing in a ...

US Pat. 6795442 - Filed Apr 23, 1998 - Emulex Design & Manufacturing Corporation

The receive host 42 can also enable a doorbell task in connection with a virtual circuit if there is additional work to be done in connection with the ...

#### Process management system and method

US Pat. 5737727 - Filed Jan 25, 1996 - Electronic Data Systems Corporation

Knowledge accumulated from past experi- includes a policy trait for ... making said work product. a work element for graphically representing a task to be ...

#### Apparatus for tracking and recording vital signs and task-related ...

US Pat. 6546363 - Filed May 24, 1995

30 With the new value for the accumulated weight determined in step 273, ...

41 by reading the data from the work-related sensors 67 at regular intervals. ...

### Unmanned compliance monitoring device

US Pat. 5075857 - Filed Aug 18, 1989

A 132 displays available task performance menus and available work-at-home job categories. A 133 does detailed 55 worker interfacing with the system and ...
